

BRACELET SIZE GUIDE

Bracelets marked with the indication “Size“, it would be good to measure your wrist with a measuring tape, as in the photo below. Then you can choose the specific size of the corresponding field, during your order. If your size isn’t on the field of size selection, you can tell us during the order in Step 1 in the field Instructions, Comments.

INSTRUCTIONS: Measure with a measuring tape your wrist. During measuring, if your wrist is e.g. 16,5 cm. choose 17 cm. the next larger size by 0.5 cm. We, knowing the size of your wrist will make sure to make the right size.

***Note:** If you don’t have a measuring tape, you can measure your wrist in the same way using a string and then measure the string in line with a ruler or a meter.
